Applicant(s): Richard Alexander

Group Art Unit: 3727

Serial No.: 09/927,922

Examiner: Sue A. Weaver

Filed: August 10, 2001

For: QUICK OPENING GARMENT PROTECTOR

INFORMAL COMMUNICATION

Further to telephone messages exchanged with the Examiner, the Applicant notes that he is contemplating amending independent claim 1 as follows:

1. (Currently Amended) A garment protector comprising:
an elongated envelope to be disposed about a garment, said envelope
having a front side and a back side,
at least one zone of weakness on either one or both sides along which
said envelope may be parted to facilitate separating the garment protector from the
garment, and
at least one stop on the zone of weakness ^{defined by edges of intact material} which ^{the envelope which app} protects the zone of ^{and interrupt} ^{the zone of} weakness
weakness from inadvertently parting, wherein said at least one stop facilitates
intentional parting of the zone of weakness

The Applicant further notes that he is contemplating amending each of the other independent claims in an analogous manner.
